

NEVER FAILS TO CURE.

Astonishing Record of the Great
Paine's Celery Compound.

Paine's celery compound has never yet failed to cure.

Where all other medical treatment has failed to relieve Paine's celery compound has succeeded time and time again.

John W. Boyd of Muskogee, Ind., says of his own case:

"Last winter I was taken down with a very severe attack of nervous and muscular rheumatism, so bad that I could not lie down, sit up, or stand, without the most excruciating pain. I was all the time under the care of two of the best physicians of the place, but I did not improve. I took different rheumatic cures and used an electric battery half hour each day for 10 days, without any relief.

Finally I concluded to try Paine's celery compound, and to my surprise after using one-half of a bottle I was able to get out and vote on election day, and before I had used the whole bottle I

went to work, and have worked every day since. I have gained 20 pounds in weight and am feeling first rate.

My wife has also been taking it or nervousness, and thinks there is nothing like it. We both recommend it to all of our acquaintances and you are at liberty to use this letter as you see fit, for it truly worked wonders in my case."

And Paine's celery compound is working just such wonders in every state, county, city and village of the country today.

The reader may know some one who has tried it. Ask that person if he or she was not at once benefited.

Don't let a dealer palm off anything else on you, however, for there is as much difference between Paine's celery compound and all the ordinary sawgrass pills, tonics, nervines and compounds as there is between an electric motor and a boy's windmill.

There is power to cure in Paine's celery compound.

THE LEGISLATURE

(Continued From Page One.)

On Third Reading, Council bill 143, protecting municipalities against the illegal acts of its officers, was placed on its final reading. Upon being read it was discovered that the word "in conflict" had been used instead of "in conflict" and the bill was sent back for correction to the committee of the whole, the amendment made, the rules suspended and the bill considered enrolled, and was passed, when the committee arose, with none voting against.

Council bill 77, by President Johnson, was also read a third time and sent back to the committee of the whole for the correction of a minor amendment which had been omitted. The amendment was made and the rules suspended and the bill passed the council with no votes recorded against it. This bill makes it felony for the owner to remove improvements from mortgaged land without written consent first having been obtained.

Council adjourned until 10 o'clock this morning.

NOTES
Governor Renfrow was a welcome visitor at the council chamber yesterday.

First Assistant Chief Clerk A. B. Campbell is back to work again in the council after having had a rough and tumble with fever.

Henry S. Johnston makes a model chairman of the committee of the whole. While perhaps a trifle arbitrary, his only object is to save time in useless discussion and his reputation as a business dispatcher is deserved.

Electric Bitters

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freezing the system from the malarial poison. Dizziness yields to Electric Bitters. Fifty cents and \$1 per bottle at C. R. Renfrow's drug store.

Lord Brooks Must Pay

Newkirk Republican. Our readers will remember some time ago a mention of the arrest of Frank Lorry, T. E. Ryan, J. M. Donald, Wm. Williamson and H. T. Bayless, of Owen township, on a charge of conspiracy by Lord Brooks. The case came up in the district court Tuesday morning and Judge Bierer promptly knocked it out of court and assessed the costs, about \$100, to Brooks, with the alternative of putting up the money or going to jail. Eye witnesses say his lordship shot out of the court room and up Main street to the depot at a Maud S. gallop, with his coat tail flying, and several of them at his heels. It is rumored Brooks has a gold mine at Perry that he visits in case of need.

Use
ten drops

Every ten minutes for four or five hours of Orloff's Russian Grippe Cure and Cold Cure—not carelessly, but faithfully, and when the time is up you will be well started on the road to cure—if not already cured.

KINGFISHER, O. T., Feb. 16, 1927

When you want a quick cure for a cough give Russian Grippe Cure a trial. Use very small doses, several of them an hour, and you will be astonished to find how charmingly it works.

Deputy C. M. Cade of Shawnee, J. M. Miteh, H. C. Lookabaugh and J. J. Brown of Edmond, R. R. Gassell and J. A. Pitt of Hennessey, S. A. Drummond, D. L. Mott, George Kessler, Faust and L. G. Hicks of Kingfisher, and W. J. Grant of El Reno, are at the Capitol.

Near Shaner, a few miles southeast of Perry, Nora Cain, aged 4, and her brother, aged 2, while their mother was absent from the house, set fire to the grass in the yard. Their clothing took fire and both were burned to death before the fire could be extinguished. They were children of John Cain, a farmer.

SHOOT THE HAT!

All kinds of hats are used for different purposes by different persons. Plug hats are used to advertise the different brands of plug tobacco, Fedora hats are worn out of respect to Fanny Davenport. Pearl hats with black bands are worn with an indication of joy to "My Pearl is a Bowery Girl," which finally got sung to death. CYCLONE hats are worn because they are stylish. You can buy at \$2.18 a hat that is retailing at \$4. Our \$1.88 hats are good values at \$3.50. We are proud of our HAT STOCK because there are no "chestnuts" among them.

OUR MERCHANT TAILORING DEPARTMENT

Is now ready. Pants to order \$4 and upwards. Suits to order \$12 and upwards. We give you a written guarantee with each suit for one year, your money back at the expiration of that time if you are not satisfied.

The Shoe Sale Is Still On.

It is a mighty trade catcher—nothing new to us for some dealer to come in and buy 50 pairs at a clip. They are sensible because factory prices and long-winded terms will give any of them the consumption if they try to compete with the ruinous prices made during our shoe sale. Of course we are not selling

24 POUNDS OF GRANULATED SHOES

for a dollar. No sir; but Ladies' shoes that are just as sweet as sugar in style and beauty that some jobber ask \$1.50, the retailer \$2, our price 98c. Then our Misses' shoes are peaches, but not canned ones; we ask 54c for them. Nice Dongola Shoes, patent leather tips. Our Infant Shoes at 27c are the things mothers are buying freely. When you come for solid comfort foot-form fitting shoes, we are headquarters. Our Men's Satin Calf Shoes, lace or congress, at 78c are sold all over town at \$1.50. Our full of stock Calfskin Shoe for Men at 98c is just worth \$2.50. Next on the program will be a little recitation by Miss Oxford. We have taken special care with her, spent lots of money on her to get her right; we are ready now.

A WHOLE FAMILY OF OXFORDS

In attendance. Tan Black, White Kid, Cowblood or Oxbloods—thoroughbreds at that—but nevertheless we are going to turn them loose. Now then, the first race for place. All line up. Choice of any Oxford in the house for three days at 69c, hand turned every pair of them; the White Kids are included. All sizes in stock. We know you will be with us because it means saving nickles and dimes. We will open the Spring Campaign in our Dry Goods Department in a few days.

JOHN GRISSON KILLED.

Outlaws and Sheriff's posse battle near Stroud.

News comes from Sac & Fox that a battle took place between a posse of officers and members of the Grisson gang on the Creek line a few miles from the town of Stroud at daylight yesterday morning, in which John Grisson was killed, several officers wounded and Solomon and Garfield Grisson captured. The Grissons have been wanted since they made the raid on Stroud two weeks ago and kidnaped W. E. and J. E. Lorton, and when it was learned Sunday that they had returned to their old rendezvous near Stroud, a posse was organized at Chandler, led by Deputy Sheriff Bentley and J. E. Lorton, one of the kidnaped men who had escaped. They arrived at the Grisson place in the night and, surrounding the house, waited for daylight. Old Solomon Grisson came to the door first and was told they were all wanted. He went back in the house and called to the boys to get their guns and to the women to barricade the door. John Grisson stepped to the door with a rifle, and, seeing Lorton outside, attempted to shoot him, and was in turn shot through the heart by Deputy Sheriff Bentley. The battle then raged lively for an hour or more, but finally Solomon Grisson and his other son, Garfield, surrendered and were taken to the Chandler jail, while the woman was left to keep vigil over the dead. "The Grissons' friends are arming and it is feared they will attack the jail and attempt to liberate the prisoners.

Our people are growing more and more in the habit of looking to the Seatonian Drug Co. for the latest and best of everything in the drug line. They sell Chamberlain's Cough Remedy, famous for its cures of bad colds, croup and whooping cough. When in need of such a medicine give this remedy a trial, and you will be more than pleased with the result.

Throw Away His Canes.

Mr. D. Wiley, ex-postmaster, Black Creek, N. Y., was so badly afflicted with rheumatism that he was only able to hobble around with canes, and even then it caused him great pain. After using Chamberlain's Pain Balm he was so much improved that he threw away his canes. He says this liniment did him more good than all other medicines and treatment put together. For sale at 50 cents per bottle by Seatonian Drug Co.

A Proclamation.

By virtue of the authority vested in me as governor of the Territory of Oklahoma, the undersigned will cause to be paid a reward of (\$25) Twenty-Five Dollars to anyone who shall secure the arrest and conviction of Etheridge Preston, who murdered C. A. Willis, in the city of Guthrie, Oklahoma, on the 17th day of February, 1927.

Witness my hand this 22nd day of February, 1927.

Engineer's Humane Act.

There was quite an interesting scene on the Santa Fe Monday afternoon train going north, which drew forth unqualified praise from the passengers.

As the train reached the elevation about a mile north of the city, it overtook two young ladies or girls riding a fiery horse, and as the train approached where the track and road came close to each other, the horse started to run away. The girls held on bravely, and the horse ran the faster, until it was soon seen the horse was completely master, and it was fast becoming a dangerous ride to possible death. The engineer of 851 brought the train to a full stop in the hopes of helping the girls in their struggle, and his very generous act drew forth great cheers from the passengers, and voluntary promises to support him for any office on any ticket. Soon after this, reaching an open field, the girls turned the horse in, and finally slipped off unhurt. The horse was running at full speed a mile away when the train started. The wild and woolly west hasn't gone to bow-wows, so long as such humane acts are voluntarily done.

That the blood should perform its vital functions, it is absolutely necessary it should not only be pure but rich in life-giving elements. The best results are offered by the use of that well-known standard blood-purifier, Ayer's Sarsaparilla.

FRISCO EXTENSION.

Superintendent Parker Saves the Frisco People Will Build.

General Superintendent Parker, of the Frisco railroad, was in the city yesterday, on business connected with the Frisco's Sapulpa extension. Four surveys of this road have been made, two running to Guthrie via Chandler, and two to Oklahoma City. Mr. Parker said yesterday that active work would begin on the extension, providing the legislature enacted no radical railroad legislation.
